OUR KARMANN-MOBIL MOMENT

TECHNICAL DATA/SPECIAL EQUIPMENT
2019|2020 INTERNATIONAL VERSION

KARMANN

SERIES EQUIPMENT

	Davis	Dexter	Dexter with high roof and lift-up beds
BASIC VEHICLE	Fiat Ducato	S	S (except DE 560)
	Ford Transit	–	S (just DE 560)
	EURO 6 D Temp incl. particulate filter	S	S
	Driver airbag	S	S
	Co-driver airbag	–	S (just DE 560)
	ABS (Anti-lock braking system)	S	S
	ESP incl. Traction +, Hill descend	S	S (except DE 560)
	Air conditioner (Manual)	–	S (just DE 560)
	Cruise control	–	S (just DE 560)
	Radio preparation + Radio	–	S (just DE 560)
	Captain's chair Seats with Armrests	–	S (just DE 560)
	Power steering	S	S
	Height-adjustable headlamps	S	S
	Immobilizer	S	S
	3-point safety belt system	S	S
	Electrical front window lifters	S	S
	Electrical adjustable and heated exterior mirrors	–	S (just DE 560)
	Central locking with remote control	S	S
	Wheel trims	–	S (just DE 560)
	Fix-and-go breakdown kit	S	–
	Spare wheel	–	S (except DE 550)
	Wheel house seats in cabin upholstery	–	S
	Carpet in cabin	–	S
	Fog lights	–	S (just DE 560)
	Front bumper in vehicle color	–	S (just DE 560)
	Front bumper in black	S	S (except DE 560)
	Rear bumper in black	S	S
	Leather steering wheel	S	S
	Ford cab darkening system	–	S (just DE 560)
STRUCTURE EXTERIOR	Wall and ceiling insulation in PE-foam with no cold spots	S	S
	High roof, insulated	–	S (except DE 625)
	Body colour trend white	S	S
	Window in superstructure, with quick release levers	S	–
	Insulated frame windows	–	S
	Exterior lighting	–	S
	Electrical step tread	S	S
	400 x 400 mm roof hood with blackout blind and mosquito protection (piece)	2 (DA 540: 1)	1 (DE 550)
	Midi Heki (piece)	–	1 (except DE 550)
	Mini Heki (piece)	–	2 (DE 540 and 560: 1) 1 (DE 595 2, except DE 550)

S = Standard equipment | O = Standard equipment available at extra cost | – = Not included in the scope of series production or not possible

SERIES EQUIPMENT

	Davis	Dexter	Dexter with high roof and lift-up beds
KITCHEN	Refrigerator, 80 l	S (except DA 592)	S (except DE 581)
	Refrigerator, 109 l	–	–
	Refrigerator, 140 l	S (just DA 592)	S (just DE 581)
	2-flame cooker with cover	S	S (DE 550: 3-flame)
	Gas operating components, centred	S	S
	Worktop with integrated sink	S	S
TOILET ROOM	Toilet room with integrated shower	S	S
	Washroom window	S (except DA 540)	S (except DE 560)
	Shower tray cover with slatted frame	S	S (except DE 560)
	Comfortable bathroom with variable effective area	S (just DA 600)	–
	Cassette toilet	S	S
LIVING SPACE	Serial upholstery Bari	S	–
	Serial upholstery Roma	–	S
	Foam mattress on lift bed	–	–
	Foam mattresses with wooden slatted frame	–	S (except DE 550 + DE 595)
	Fold-down bunk	–	S
	Ambient lighting	–	S
	Table extension	S	S
	Double bunk bed	S (just DA 591)	S (just DE 581)
INSTALLATION	Single bed over the rear bed	–	S (just DE 560 without 4x4)
	Heating system Combi 4 (Diesel)	S	–
	Heating system Combi 6 (Diesel)	–	S
	Hot water supply with single-lever mixer tap	S	S
	Water pipes, insulated	S	S
	Pressurised water pump	S	S
	Heated and insulated waste water tank	S	–
	Heated waste water tank	–	S
POWER SUPPLY	Living area battery	S	S
	Switch-disconnectors for starter and superstructure battery	S	S
	Electr. charger for superstructure/vehicle battery	S	S
	CEE external connection for 230 V with circuit breaker	S	S
	Earth leakage circuit breaker	S	S
	On-board control panel with entry of all important functions	S	S
	230 V socket (piece)	1	1
	12 V socket (piece)	1	1
	USB wall outlet	1	1

ADVANTAGES DAVIS & DEXTER AT A GLANCE

CONVENIENT FURNISHINGS

- **Comfortable beds**
All of our fixed beds are equipped with a stable slatted frame for more comfort and better ventilation as standard.
- **More storage space**
All rear beds can be folded up for easily accessible storage space. Every corner is used efficiently.
- **High quality upholstery**
Upholstery foam is designed for durable seating comfort.
- **Sliding/folding sink**
The shower toilet area can be used flexibly with the sliding/folding sink.

PRACTICAL KITCHEN

- **Functional hob**
Kitchen with 2 gas cookers including glass cover. While opened, the lid protects the wall from splashes; while closed, it serves as a work surface.
- **Reliably closing drawers (push-lock closures)**
- **Large fridge in raised position (just DA 592, DE 581)**
With storage space above (depending on the floor plan), convenient access, up to 140 litres capacity
- **Outdoor table rail**
In our van, the table can be hung outside for breakfast.

EFFICIENT LIGHTING

- **LED interior lighting**
Energy-saving LED lighting throughout the vehicle.
- **Ambient lighting**
Subdued lighting for a cosy atmosphere.

ON-BOARD EQUIPMENT

- **High-performance diesel or gas heaters**
- **Electrical pre-installation**
All of our vans are equipped with a 220V/12V power outlet as well as TV/antenna socket and a USB connector.

EASY ENTRY

- **Simple access**
Electric step.
- **Central key system**
A single key for the whole vehicle and 1 key for the service flaps.

* not available for Dexter 560 + 560 4x4 | ** Dexter 560 + 560 4x4 standard equipment | *** in comparison to the sum of the individual items | **** just Dexter 560 + 560 4x4

GENERAL INSTRUCTIONS CONCERNING THE WEIGHT SITUATION OF CAMPERS

- Special fittings (additional equipment) increases the mass in running order and reduces the payload. The weight of the additional equipment can be ascertained from the information in our prospectus or can be obtained by asking your dealer/seller.
- The maximum number of persons indicated in each case depends on the weight and the mass on the axles. This number may be less if special fittings (=optional equipment/additional equipment) and accessories are installed, and so individual seats cannot be used in order to make way for additional payload. If all seats are to be used it will be necessary to dispense with some payload. The technically permissible total mass and the mass on the axles may not be exceeded.
- The possible payload is reduced when special fittings (= optional equipment/additional equipment) and accessories are installed. Furthermore the possible payload not only depends on the mass in running order, the actual vehicle mass, the weight of the accessories and the technically permissible total mass, but also on the mass on the respective axles. In order to take full advantage of the possible payload for the vehicle there must be an appropriate mass distribution related to the mass on the axles.

Installation of extra components such as roof cases, enginebike carriers, air conditioning equipment, blinds or bicycle carriers into the vehicle supplied with living space superstructure can change the dimensions and characteristics of the vehicle. In addition, the unladen weight changes if special equipment is installed. Please note the permissible axle load and load reserves. If several items of extra equipment are combined on the vehicle roof, the overall load capacity and the space available must be taken into consideration.

Eura Mobil GmbH does not accept responsibility for any negative effects to the vehicle caused by installation of additional equipment not consisting of ORIGINAL KARMANN-MOBIL PARTS and through installation of additional equipment in a manner which is not consistent with KARMANN-MOBIL GUIDELINES.

We reserve the right to make a difference of $\pm 5\%$ in terms of measurements and weights. Information regarding scope of delivery, appearance, performance, dimensions and weights of the vehicles accords with the knowledge available at the time of printing. Such information may change prior to purchase of the vehicle. Your dealer will be pleased to inform you of any changes.

The mass in running order according to Article 2, item 4 a) of Commission Regulation (EU) No 1230/2012 is, unless otherwise regulated, defined as:
the mass of the vehicle fitted with the standard equipment in accordance with the manufacturer's specifications (incl. on-board tools)
+ fuel tank(s) filled to at least 90 % of its or their capacity/ies
+ 75 kg (mass of the driver)
+ Aluminium liquefied gas bottle (11 kg capacity) filled to 100% (equivalent to 18 kg total mass)
+ Freshwater tank filled to 100%
= mass in running order

The technically permissible maximum laden mass according to Article. 2, item 7 of Commission Regulation (EU) No 1230/2012 is defined as: The maximum mass of the vehicle when fully loaded according to the manufacturer.

The maximum permissible load as intended by the catalogue information is defined as: Technically permissible maximum laden mass – mass in running order = maximum permissible load

Issue: August 2019

ALL MODELS AT A GLANCE

MODELS WITH ALL-WHEEL DRIVE

to 6 m

Dexter 560 4x4

The compact all-wheel-drive camper

- „Real“ all-wheel drive
- Short at only 5.98 m
